

# Occupational Certificate: Supply Chain Practitioner NQF 5

## ^ PURPOSE

The purpose of this qualification is to provide the required knowledge, practical skills and workplace-based learning experience to prepare a learner to operate as a Supply Chain Practitioner. A Supply Chain Practitioner develops operational schedules and action plans to coordinate service delivery in the supply chain in accordance with customer/end user requirements and performance objectives and manages relationships with customer/end user and suppliers.

A qualified learner will be able to:

- Develop and coordinate operational schedules for supply chain operational plans.
- Monitor execution of supply chain operational schedules.
